THE BERLIN COMMUNITY PRESERVATION ACT COMMITTEE IS HOSTING A COMMUNITY FORUM

The Community Preservation Act (CPA) is a powerful tool that helps communities preserve their unique character and enhance their quality of life, along with empowering communities to shape their future, ensuring a balance between development and preservation.

Guest speaker, Stuart Saginor, Executive Director Community Preservation Coalition, will speak about the purpose and goals of the CPA program, funding mechanisms and allowable uses of CPA funds.

We encourage Town Boards, Committees and Town officials to join with us to learn more about Berlin's Community Preservation Act and be part of future plans.
